

17 Injured When Motor Car Hits S. P. Worktrain

Six Workmen Removed to Hospital After Collision

Seventeen Truckee and Norden Southern Pacific Company section hands were injured, six of them seriously, Friday evening when a motor car and trailer crashed into the rear of a work train at Floriston.

The 25 men on the car and trailer had been working on the break in the tracks caused by the recent flood of the Truckee River and were en route home when the car, operated by Foreman Manuel Gonzales of Truckee, struck the dark end of a gondola car on the main line.

The injured were rushed to Truckee where they were treated by Dr. L. D. Nelson and the six most seriously injured, including Gonzales, who had a compound fracture of his left leg, were taken to the Washoe Medical Center by the Truckee ambulances. The five beside Gonzales were Guadalupe Gomez, Olegario Chavez, Albino Escobedo, Jesus Mercado and John Hauhe. All are expected to recover.

The others who suffered lesser injuries were kept at the Southern Pacific Hotel overnight for further examination and treatment. They include Tiredo Baulo, John Eystad, Guadalupe Alvarez, Louis Ocegueda, Jesus Sahagun, Rito Cortez, Rufino Rojas, Hilario Gonzales, Juan Leal, Isidro Dimas, Angel Luna and Frank Cowden. The latter is a member of the welding crew who had head injuries.

Foreman Joseph Gini of Truckee said he experienced a close call near the same location Monday night while making a track inspection. His speeder suddenly swerved downward at Floriston as the track gave way and he barely escaped a plunge into the flood.

RED CROSS LEADER ISSUES WARNING ON PANHANDLERS

Mrs. Fosten Wilson, home service chairman for the Red Cross, announced this week that any local merchant or individual who has been asked for money by destitute persons should have them contact her as a previous donation may have been given for their need by the Red Cross. This plan is designed to help anyone in need of assistance and to discourage abuse of the aid, panhandling and to avoid a duplication of services.

Woman's Back Broken In Fall On Mt. Lincoln

Victim Is Taken to Road By Rescue Team On Summit

Mrs. Eleanor Fischer, 23, wife of a young San Francisco physician, Dr. Robert Fischer, was rushed to the bay city Saturday evening by Truckee ambulance after she fell and suffered a broken back while on a hike up Mt. Lincoln near Donner Summit.

Constable N. F. Doley, who took the injured woman to San Francisco, said she and her husband and another couple, Mr. and Mrs. Bernard Schmidt, had climbed the icy slope of the mountain and reached the peak in the afternoon.

As they prepared to return, Mrs. Fischer slipped and rolled 250 feet down the incline and crashed into a tree.

While her husband gave first aid, the others went to the highway, more than two miles distant and sought aid. A party with a stretcher and ropes returned to the scene, lowered the victim to the valley, and arrived two hours later at the highway. She was immediately taken to the San Francisco hospital for treatment.

Also in the rescue party were Emil Papplau of Norden, Allen Taplin of Sugar Bowl and Donald Reibheim of Norden. They were met part way up the mountain by Henry Piche of Norden and Edward Coppel and Al Besskow of Edelweiss Lodge.

He pleaded not guilty in the justice court at Sierraville. He was held at Downieville until he was able to post the \$1,000 bail bond set by Justice of the Peace Alden N. Johnson.

Discuss Control Of Flood Water At Reno Session

RENO—J. W. Borland of the U. S. army engineers' office at Sacramento outlined a five-point flood control program at a Truckee River flood prevention meeting here Tuesday.

Borland said his department is making a report and recommendations to the federal government on steps to avoid flood hazards and to conserve water. The points outlined include:

1. Improvements at the Lake Tahoe inlet, with channel work below the dam site at the lake's outlet.

2. Reduce the water level of Lake Tahoe by 135,000 acre feet.

3. Construction of a reservoir on Prosser Creek with a capacity of 135,000 acre feet to replace the proposed reduced water level at Lake Tahoe.

4. Installation of a permanent pumping plant at the lake outlet under consent of Lake Tahoe and Nevada interests. The plant would be used under certain restricted conditions during periods when a deficiency of water exists in the Truckee River.

5. Full use of the Prosser reservoir to divert Lake Tahoe water and the establishment of a Sierra Pacific Power Company power plant below the reservoir for generation of electricity.

Conferences will be held by interested parties from time to time in order to have the entire program approved by all concerned by March 1 when a bill authorizing necessary appropriations will be offered to congress.

Clarence Favre of the U. S. Forest Service spoke briefly on what the forest service can do under existing laws to protect watersheds to alleviate flood conditions.

Sun Beams

by Walter M. Barrett

The recent heavy rains and subsequent floods have again offered evidence of the inadequacy of Highway 40 as the main transcontinental route into California and the vital and vulnerable west coast of the United States. The fact the route was closed for a period of ten days due to the storm is not at all assuring and should result in action by state and national officials to prevent a recurrence of the paralyzing situation. With civil and military authorities clamoring that invasion of the west coast is not at all improbable, Highway 40 should be their first concern in preparedness. As the best and most direct route into and out of California, it would be required to transport armies and supplies to the coast and for evacuating California if necessary. Millions are being spent annually for new highways in the state, principally in the south, and it seems only common sense that until Highway 40 is made adequate, much of that fund should be diverted for its construction to prevent future storms from rendering it absolutely worthless.

Merchants along the main street are being urged to cooperate with the chamber of commerce in vying for honors of having the best decorated store fronts for the approaching holiday period. This project will provide incentive for more local shopping and at the same time will give Truckee a truly festive dress. Merchants here have always made an effort to give local shoppers the best displays of merchandise at lowest prices and the holiday decorations will give even further emphasis to their desire to serve their patrons.

HOSPITAL BENEFIT IS PLANNED FOR NORTH LAKE AREA

KINGS BEACH—A three-hour free show, starting at 6 o'clock Tuesday, December 12, has been announced by the Low XII Club of Kings Beach as a benefit for the Shrine Childrens Hospital. In Truckee, checks will be mailed totalling \$12,500 on December 1, according to Manager R. A. Scott of the local bank of America branch.

Scott commented that this money, so conveniently accumulated during the past 12 months, should prove very welcome to the club members who will find themselves in a better position to meet year-end financial obligations or make essential Christmas season purchases. He added that enrollments for the 1951 Christmas Club are now being accepted.

FOLK DANCING TO BE SUBJECT FOR LOCAL CLASSES

Saturday evening, December 2, beginning at 8 p.m. an adult education group will be formed in the Truckee elementary school to learn square and folk dancing under the experienced direction of Mr. and Mrs. Carl Miescke.

If sufficient interest is evidenced by attendance of adults over the age of 16 years, the best nights for holding regular class sessions will be decided upon and the group will progress into the dances of different nations. All interested adults are asked to attend. Coffee and doughnuts will be served.

A class for young people between the ages of 9 and 12 years will also be formed, the time of meeting to be announced at a later date.

Water Is Released At Boca Reservoir

In order to clear the way for storage of flood waters of the Little Truckee River in the event there is another rain storm in that area, water is now being released from Boca reservoir at the rate of 1200 cubic feet per second.

District Studies Possible Sales Of Park Land

Decision Will Be Made After January, Loynd Says

The directors of the Truckee Public Utility District have taken under consideration the future disposition to be made of the approximate 350 acres remaining of the land acquired for park purposes by the district in 1946.

This land lies on the south side of Highway 40 and extends from the Tahoe Highway (Route 89) to the east boundaries of Donner Memorial Park and south to the Southern Pacific railroad tracks. The original purchase by the district from the Pacific Fruit Express Company included an area of approximately 560 acres extending on both sides of Highway 40. With the exception of some 25 acres, most of the area on the north side of Highway 40 has been disposed of.

Of the remainder on the south side of the highway, the district disposed of 52 acres for the site of the new high school. A number of inquiries have been received by the district, both locally and from other parts of the state, from persons who are interested in acquiring parcels of land in this area.

Bond Issue Aided

To carry out its program of improvement and extensions in the district of both electric and water lines, the directors are considering a bond issue of several thousand dollars. The board is exploring the possibility of cutting down the amount of the bond issue necessary by the sale of a portion or all of the remaining park land.

No definite action will be taken before the early part of next year, according to E. L. Loynd, president of the board.

535 NEW LOCAL TELEPHONE BOOKS ARE DELIVERED

Approximately 32,000 copies will be mailed to telephone customers in the five counties involved. This directory also formerly covered Amador, El Dorado, Placer, Sacramento and Yolo Counties but listings for these counties are now included in a separate book.

Leitch said that there are more than 25,000 alphabetical listings on 104 pages.

SODA SPRINGS—A cabin at the Auburn Ski Club resort near here burned to the ground Sunday night, although a U. S. Forest Service crew from the Big Bend ranger station was able to save the main recreation hall and other buildings.

SWANEE'S TAHOE LETTER

Tahoe City, November 26
Dear Tahoeites:
Another Sunday has rolled around, and what a Sunday it

has been! I am now living at Carnelian Bay, a member of the Bud Scott household situated on the lakeshore, neighbors of the Ray Fellows. This morning the sun rose bright and early and the lake was wreathed in a filmy cloud of mist which lifted as the day wore on, leaving the water as clear and smooth as glass, al-

though fog clung to the base of the mountains until mid-day. It was just like a day in summer, sunny and mild all day and tonight a bright moon is shining and the sky is filled with stars. Before I forget it, want to give our readers my new phone number, Brockway 5R1. My mail address remains the same, Box 464, Tahoe City. Will be glad to have you send me your news at any time. If inconvenient to phone, just mail it to me.

Want to send along best get-well wishes to Mrs. Mary Stark who on Tuesday of last week was rushed to a Reno hospital where she was operated on for a ruptured lumbal disc in her back. She was confined to bed for six days but came home the first of the week and will recuperate for some time before she will be strong enough to take up regular duties. Mrs. May Stark of the Dollar Estate, her mother-in-law, took over the children while she was gone. Good luck, Mary, and a quick and complete recovery.

Mr. and Mrs. William Bechdolt returned home from their ill-fated hunting trip on Tuesday last. They had planned to motor down to the Sacramento valley for a bit of pheasant hunting with the Jay Shontzes but the rain and damaged highways ruined their trip and wore them about to a frazzle. They were all dead tired from running thither and yon, trying to find a way home, and grabbing what sleep they could, when they weren't worrying. Bill says, "Never again! One little

pheasant isn't worth all that trouble." The bird was the piece de resistance, however, the next day (Nov. 22) when the Bechdolts observed their sixth wedding anniversary. Jay, I hear, got two.

Had a bit of sad news last week when a letter arrived from Mrs. Beatrice Sisk from San Francisco. She told of the death of her father, 94 year old Robert Appleby, who for many years resided at the Sisk's home on the E. B. King estate beyond Tahoe Tavern, where they were caretakers. Many of Tahoe's older residents will remember the elderly man who remained spry and active in spite of his advancing years. He passed away in a Martinez hospital after an illness of a year. He was a retired blacksmith and a resident of El Cerrito for the past 35 years. He was born in England and came to the United States in 1906. He leaves two sons beside his daughter. Rev. Robert, pastor of the El Cerrito Community Church officiated at the final rites held Saturday. Mrs. Sisk sent along her best regards to her many old friends in the Lake Tahoe area.

The recent death of Assessor Lou Mohan threw all the employees of his office out of work, but when the new assessor of the county office passes away no one may be paid for work done until a successor has been duly appointed, bonded and sworn in. I learned that Lloyd Gerald, son, Mohan's deputy, was appointed by the board of supervisors to fill the unexpired term.

Got my first Christmas present last week from Ubaldo (Shorty) Manocchi, the little bicycle rider who breaks his own record each summer making the 75-mile ride around the lake. He took a pleasure trip to Nogales, Mexico, and sent me one of those Mexican sport jackets so beautifully embroidered by the natives. It is indeed elaborate and very welcome. He is now wintering at the Hotel Chandler, Arizona, where he is employed each winter and where he has lots of time to keep in trim taking long rides daily on his bike.

End Scott and Jake Stuart were both victims of flu during the past week. Both are now on the mend. Flood waters of this area are reported receding and creeks and river are resuming their normal courses. Haven't checked with outlying districts as yet but it is reported that cleanups and re-

pairs are the order of the day. Tahoe has never before witnessed such havoc as was caused by (Continued on Page 5)

the task of putting Highway 40 back into condition between Reno and Truckee is considerable.

Three homes at the north end of Tahoe were broken into recently and many articles taken, including blankets and plumbing fixtures. Dick Lavery, your local constable, will welcome any information regarding suspicious characters. Please call Brockway 239 the minute you see any one lurking around the vicinity.

Last week Harry Johanson picked up three Indian boys in a stolen car near Tahoe City. The boys are students at the Stewart Indian Reservation. After having some trouble which landed them in jail at Carson City, the trio had escaped, taking a car for their getaway, which landed them right back in the arms of the law.

Dick Lavery picked up another trio at Dollar Hill headed toward the state line where they thought to escape penalty for leaving a service station at Tahoe City without making payment for a tank of gas. These boys were from Austin, Texas.

Camy and Bill Althof want to thank everyone who tried so hard to make their recent bereavement a little easier to bear.

The Jay P. Hill family left on Monday for Palm Springs where they will spend some time before going to Arizona and other parts of our country offering winter sunshine.

Everette and Virginia Mason and their two boys spent Thanksgiving with Mason's mother and

sister in Sacramento. They know after two or three days down there that we were not hit so hard by the recent storm and flood. Some of their friends in Sacto found their new home in water up to the eaves. Had just moved their furniture in, too.

Mickey and Bud Mandeville, with their two sons, spent the holidays with Mickey's mother in Grass Valley.

Alice Sorensen and family spent Thanksgiving with her mother in Paradise.

Charles Chubb and Walter Hapgood returned home Sunday night from the bay area in time to enjoy a belated Thanksgiving dinner at the Abbott home.

Brockway Rotary met at Hunter's Inn Monday night. Speaker of the evening was Art Lomlaugh of Grass Valley who gave a most interesting talk on television. Visiting Rotarians were Don Keith of Madera and Herb Mattheus of the Truckee club.

In spite of melting snows and high water, Mildred and Snowden Burch did go to Palo Alto, San Jose and Mountain View for the holidays. Visited their daughter at Mountain View. Mildred said they traveled through plenty of water on the way over but found roads in much better condition on the return trip last Monday.

The H. Jensens of Tahoe Vista plan to winter at Pasadena.

The Sierra Sun this week received word from Pfc. Richard I. Astle, former Tahoe Vista man, now stationed at Ladd Field, Alaska.

He expressed appreciation for the Sierra Sun and said his buddies in the barracks also enjoy it "especially the funnies."

Dick said the country is beautiful but cold in the winter. Temperatures have dropped as low as 35 below zero ahead this month, he stated.

TAHOE LETTER

(Continued from Page 2)

the recent torrential rains. Sorry to learn of the death of E. J. Sweetland in San Francisco. A long-time summer resident of the Eagle Rock district, his beautiful summer home was atop a hill near the rock and a guest cottage was situated near the lakeshore. He was one of the first to pioneer the burglar alarm system installed in this area some six or more years ago.

On Tuesday last, Nov. 21, one of Tahoe City's older residents, Peter J. Schultz, 66, was found dead in his cabin in the vicinity of Olympic Canyon. His neighbor, Christian Bauer, called to see why his old friend had not been moving about. He peered in the

window and saw the old man slumped across the bed, apparently dead. He called Deputy Coroner Harry Johnson who investigated and found he had been dead for some time. A call was put in to Coroner Francis West who sent an ambulance for the body, an autopsy being held later in Colfax. Johnson believed a heart attack was the cause of death. The only known relative was a sister in Minneapolis.

Took a run down to the Stanley Bolton home the other day to take my first peek at little eight-months-old Linda. Lisa, daughter of Mr. and Mrs. J. E. Pilley of Auburn. Her mom is the former Jeanne Bolton, who comes back to visit Lisa's maternal grandparents whenever possible. Also had a nice letter from

Mrs. Ralph K. Wilkins, better known at Tahoe as "Punk" Politt, daughter of the Allan Politts, now of Placerville. Myra Lee and her new hubby are residing at Pine Grove Court and she is still attending school. Says all is well and sends along best regards to old friends here.

Thanksgiving Day for son Jim and myself was perfect. We motored over to Sparks to enjoy turkey dinner with old friends, the Bud Mathewsons, who recently purchased a new home there. Daughter Marie and husband and little Bill were there for the day too so a marvelous time was had by all. Enjoyed the "detour" to Reno over the Spooner Grade summit very much as the day was sunny and warm and the roads, despite the terrific rainfall were in good shape. Only at Slide Mountain was there trouble, from three to four feet of sand and gravel covering the highway where the water from the mountain tainside carried it down. A one way road, with controls, permitted use of this bad stretch. Coming home the night was heavenly as a big moon shone out over the snowcapped mountains and outlined the heavy frost on trees and shrubs.

At the John Quinn home in Pineland, turkey dinner was shared by their neighbors, Mr. and Mrs. Lynn Kishbaugh, and Mr. and Mrs. Robert Gilbert and son, also of Pineland, dropped in during the evening for cards.

Mr. and Mrs. Imon Mitchell returned over the weekend from Sutter to close their house for the winter. Imon is working all winter at Sutter.

Now that the excitement is over I can speak of the would-be Christmas tree hijackers who visited our area and tried in vain to find some trees to appropriate. Constable Johanson had officers alerted and on watch for the truck they drove as they made several attempts to bribe local men to tell them where the trees were stacked. One of the men was reported to have a sawed off shotgun shoved down his pants leg and carrying a big knife. All were fond of vino and spent considerable time in a local tavern. When finally they managed to buy a load of trees to take below, they were reportedly stopped three times by local officers on the highway and required to prove they carried a permit for them. Good work on the part of our policing department, I'd say.

Lake Tahoe Ski Club's Hop Saturday Night

The Lake Tahoe Ski Club's Ski Hop is scheduled to begin at 8:30 p.m. Saturday evening, December 2 and everyone is invited to come and join in the fun. The gay affair will be held at Tahoe Inn, Tahoe City. Events of the evening will feature prize waltzes and a novel potato dance as well as more ordinary dances.

Son Jimmie goes to Sacramento Tuesday morning early to spend the day taking further examinations required by prospective highway patrolmen. He was notified on Thursday that he had successfully passed the written tests given several weeks ago in Auburn and was given appointments to appear for more exams. He was told that 6,000 men in California took the tests for highway patrolmen but only a limited number would be trained.

Will ring off for this week with best wishes for good health, good cheer and happy days to all. As ever, Swanee.

Daughter for Sattlers Born on Nov. 16th

ELECTRICAL TIPS FOR THE HOME

If Your Bathroom Light Casts Annoying Shadows and Glare...

DON'T think you have to center one fixture over the bathroom mirror. A lamp placed in this position casts shadows on the neck and chin, makes shaving and other close-shaving jobs difficult.

DO install two fluorescent or incandescent fixtures—one on each side of the mirror. For shadowless, glare-free light, center the lamps at 5 feet, 2 inches high and cover them with translucent shields.

Game Commission To Hold Session

SAN FRANCISCO— Californians interested in regulations governing hunting and fishing have been invited to take part in two future meetings of the fish and game commission. Under regulatory powers granted by the legislature, the commission will set 1951 hunting and fishing seasons and bag limits at a meeting in the State Building, San Francisco, January 26. MARLENA MAHNE TO WED CAPITAL BOY, FRIENDS TOLD

The betrothal of Miss Marlena Mahne to Roy McKinnon was cleverly revealed by the passing of deep blue packages of matches with the couple's names printed in gold letters at a party given Sunday evening by Mr. and Mrs. Anton Mahne, parents of the bride-elect.

The affair also marked the silver wedding anniversary of the host and hostess, who were the recipients of gifts and good wishes from their friends. They recently returned from an eastern trip, part of the observance of their 25 years of marriage.

A buffet supper preceded the playing of cards. Miss Mahne, well known among the younger set, is a graduate of local schools, later going to Sacramento College and is at present taking a course at Heald's Business School.

McKinnon, son of Mr. and Mrs. E. J. McKinnon of Sacramento, graduated from McClatchy High School and also attended the Sacramento College. He is now employed by the state. No date has been set for the wedding.

Mr. and Mrs. John Clark Jr., Mr. and Mrs. E. J. McKinnon, Robert Meiglond and the engaged couple were present from Sacramento and local friends invited were:

Messrs. and Mesdames Robert Bick, Charles White, Wm. Englehart Sr., Wm. Englehart Jr., Vern Shattuck, Richard Little, Robert Gifford, Art Leitch, Walt Loynd, E. L. Tarzan

by EDGAR RICE BURROUGHS

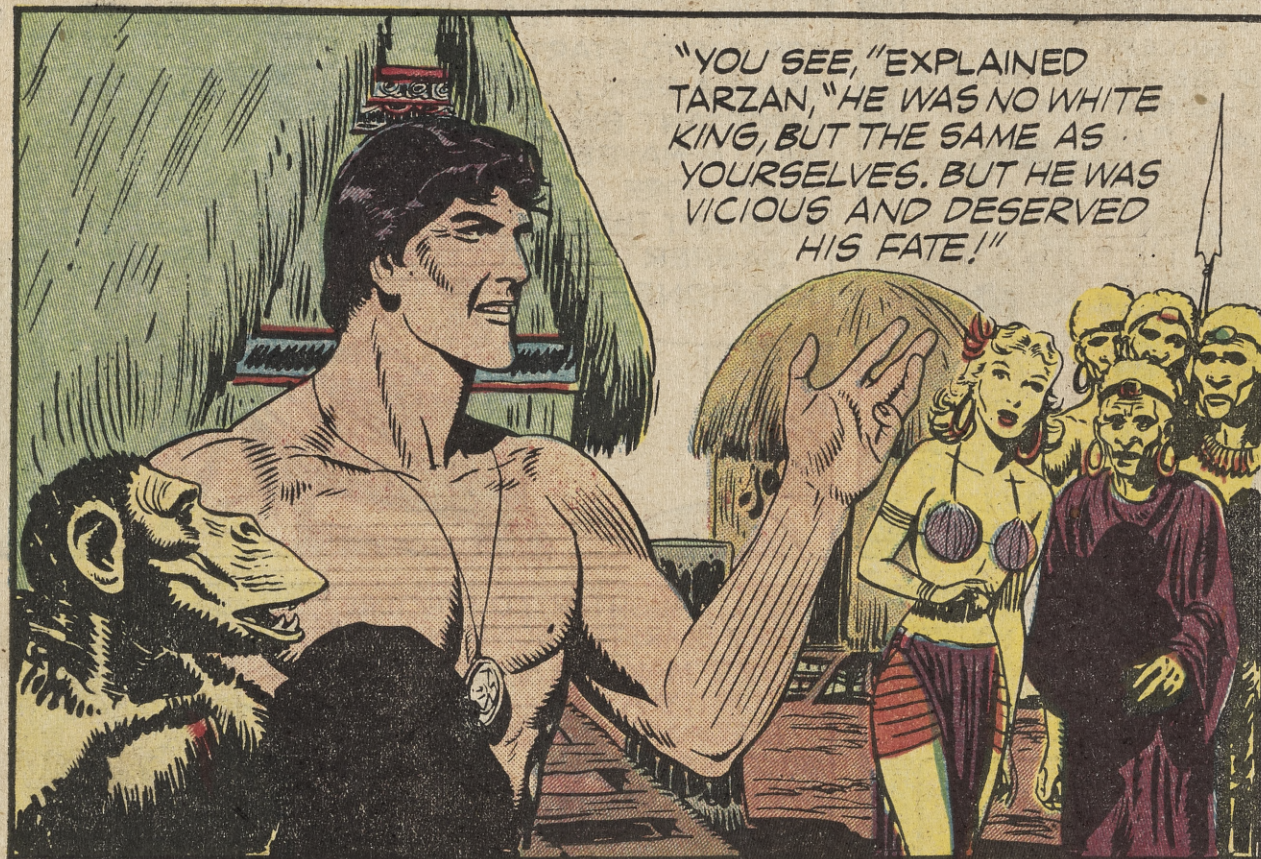

AFTER SAVING LUSHA'S FATHER FROM A LION, TARZAN SAW A WOUNDED APE ABOUT TO DESTROY BLAKE!

SCREAMING WITH PAIN AND RAGE, THE APE HURLED THE PETRIFIED BLAKE INTO THE WATER.

BLAKE STRUGGLED WEAKLY—THEN SANK. LATER, HIS BODY FLOATED TO THE SURFACE, ITS COLOR A BRILLIANT YELLOW!

"YOU SEE," EXPLAINED TARZAN, "HE WAS NO WHITE KING, BUT THE SAME AS YOURSELVES. BUT HE WAS VICIOUS AND DESERVED HIS FATE!"

AFTER THE INITIAL SHOCK, THE NATIVES WERE OVERJOYED. LUSHA AND HER FATHER LED TARZAN TO BLAKE'S BOAT--

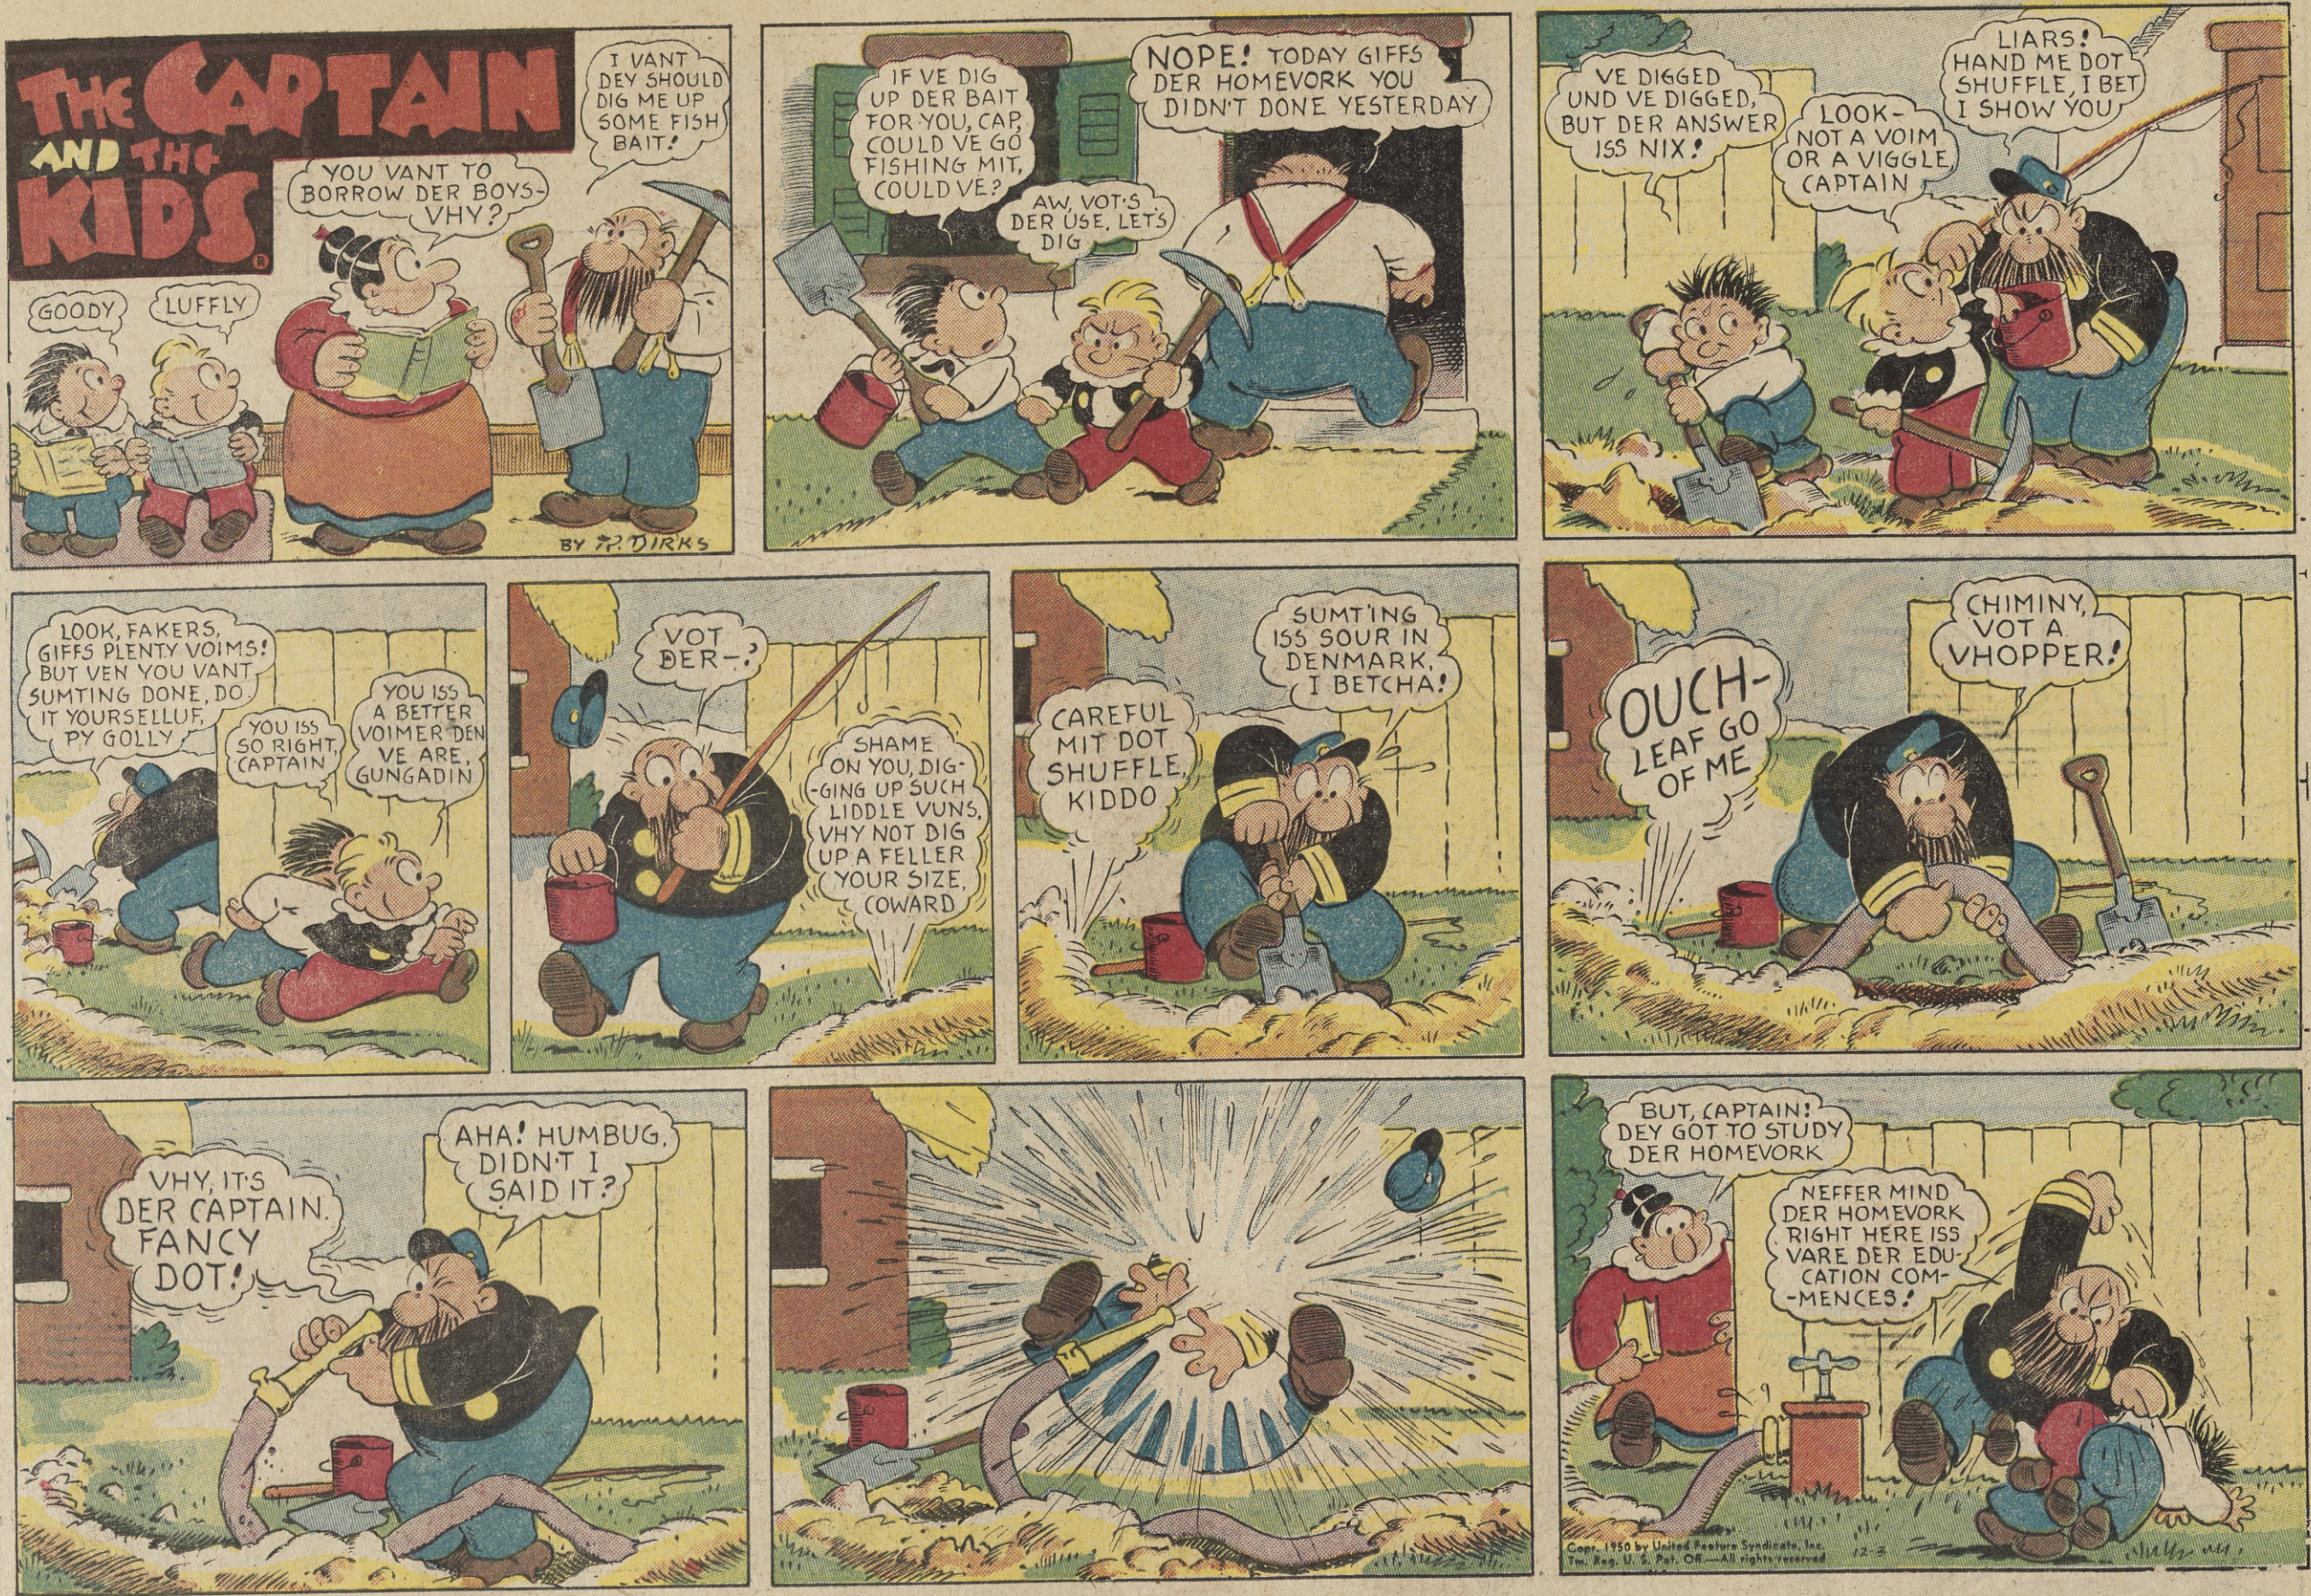

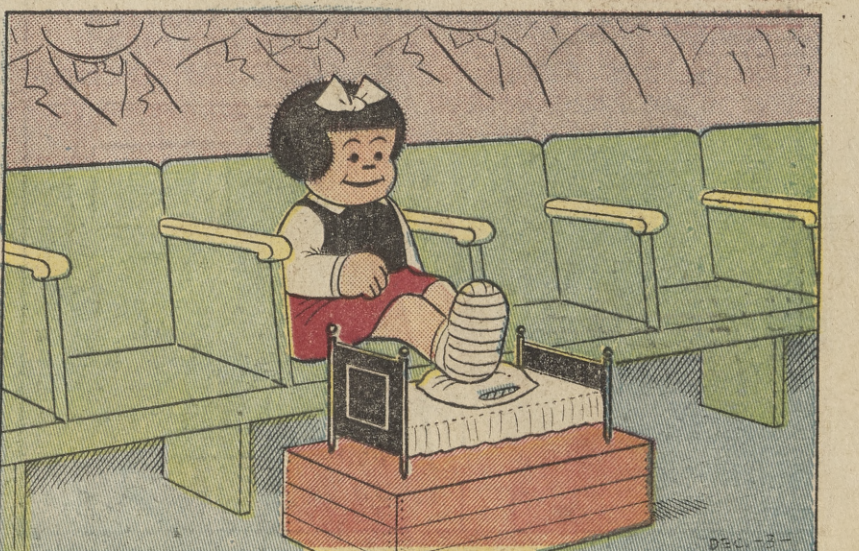

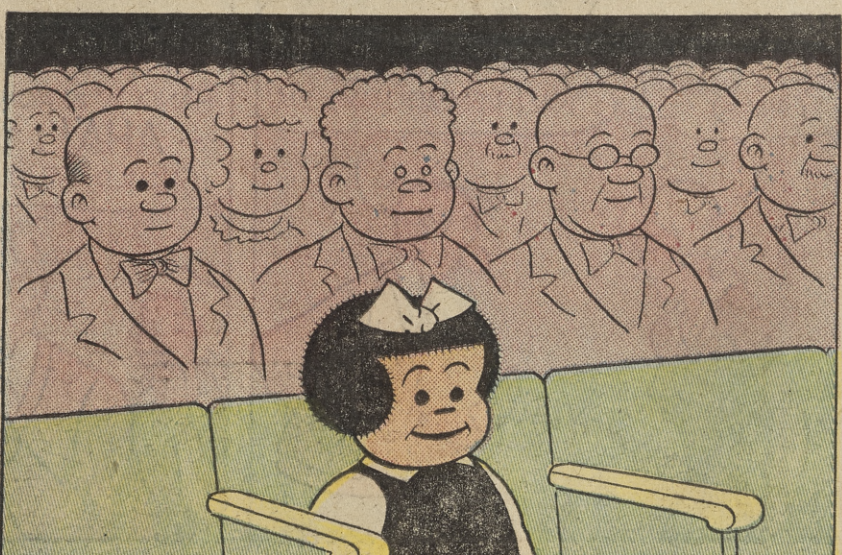

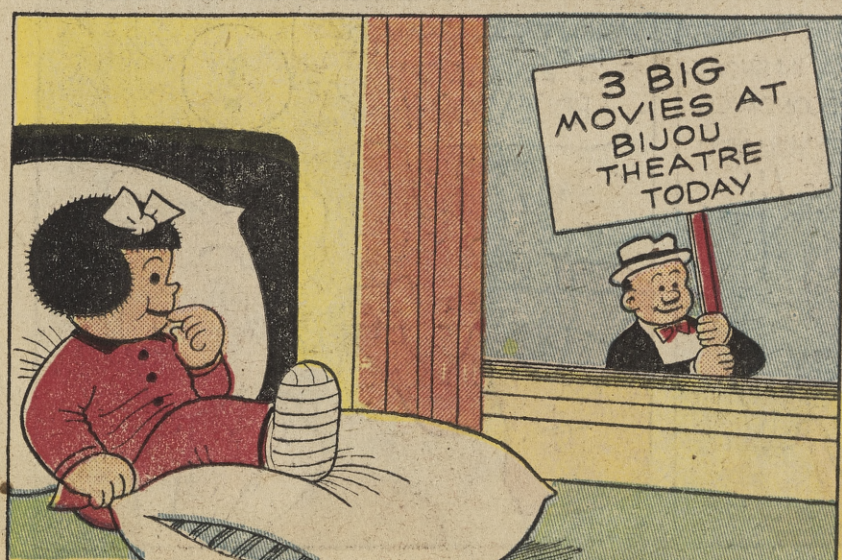

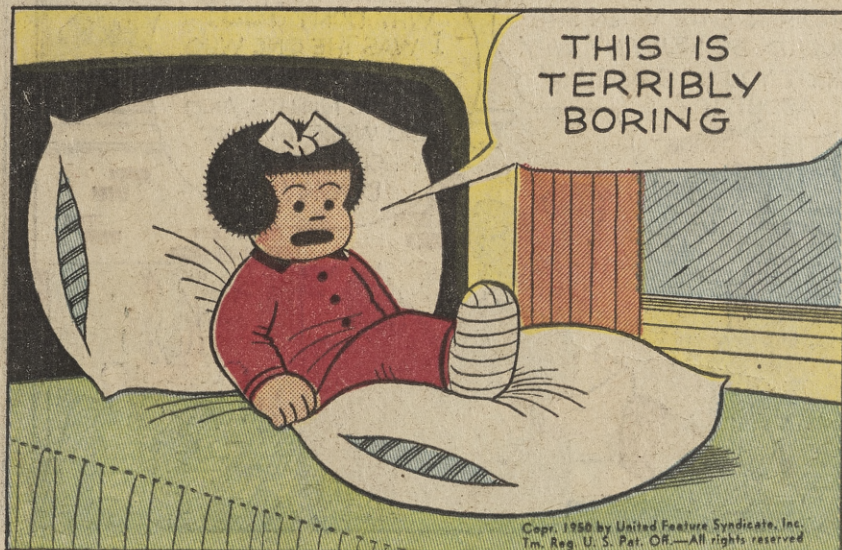

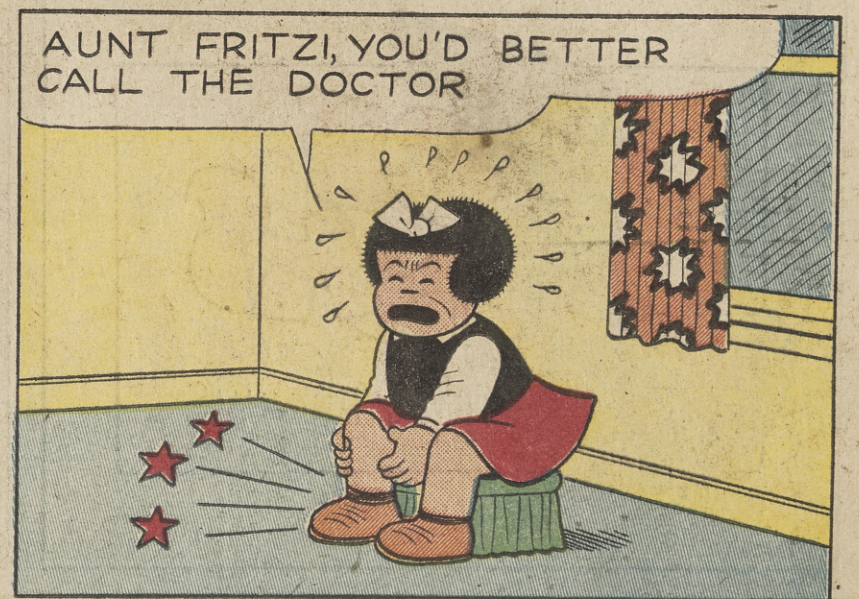

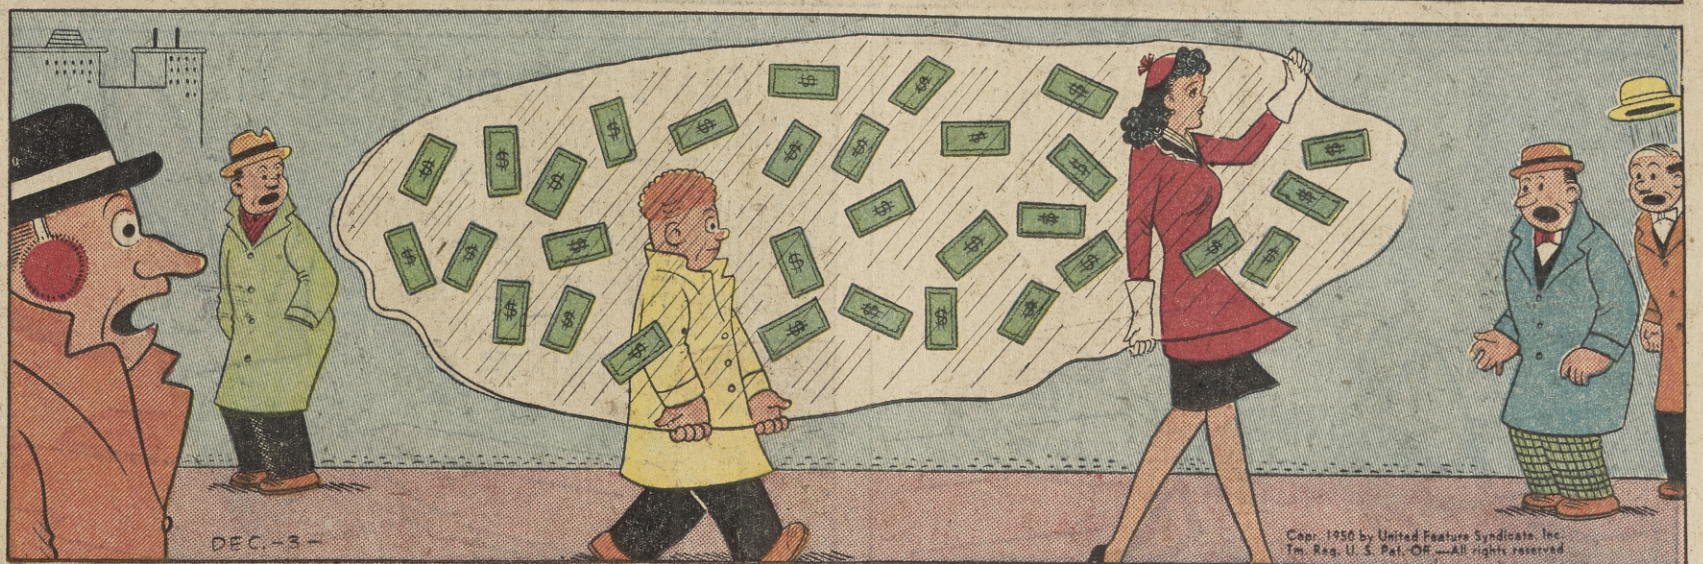

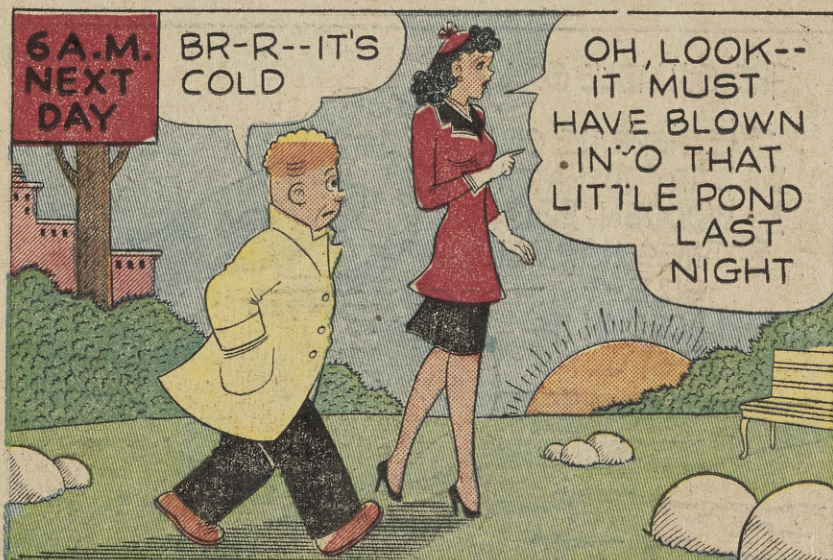

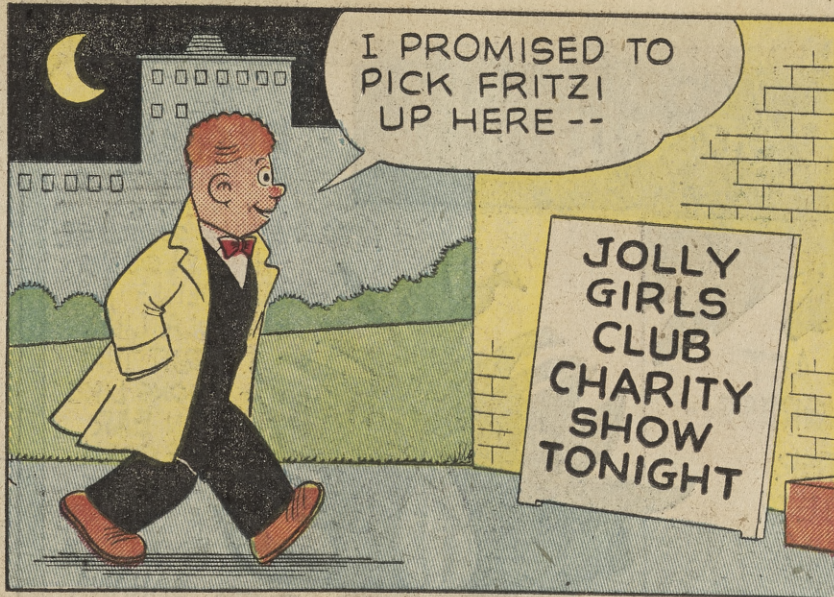

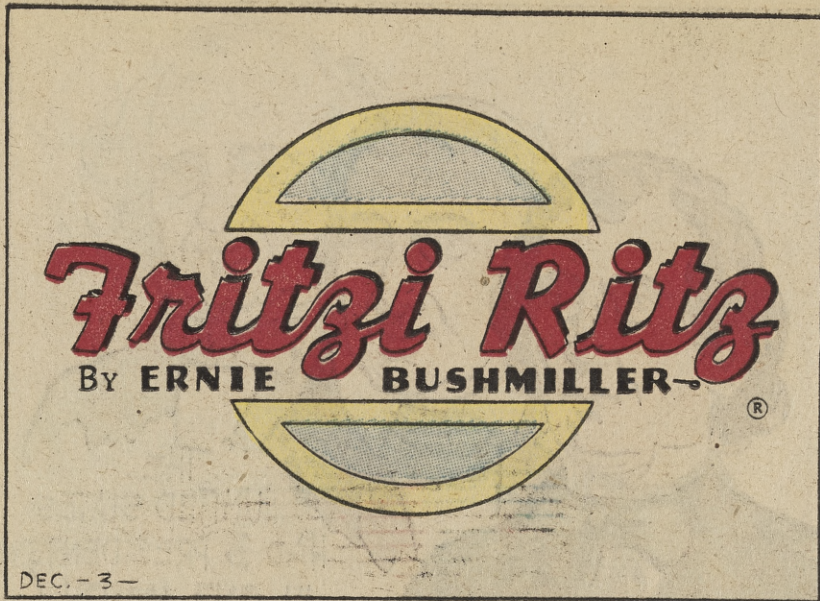

-- WHERE HE EXPLAINED HE MUST RETURN TO HIS OWN LAND. THE PEOPLE BID HIM FAREWELL.

LATER, THE APE-MAN DESTROYED THE SHIP. GONE WITH THE BURNING HULK WAS THE LAST EVIDENCE OF AMBERA--TARZAN WOULD KEEP THE SECRET.
